

# COVID-19 Safety and Cleaning

## COVID Safety Precautions for Summer

We are very excited to get our dancers back into the studio for our Summer 2020 classes, camps, and intensives! We also want to do everything we can to keep our dancers and their families safe and healthy, so we have put the following practices in place. By working together, we can stay safe and have fun dancing together.

*Updated 7/10/2020*

### State of PA Requirements:

The State of Pa has issued the following new requirements to protect against the spread of COVID-19. If you visit any of the following states listed below you must quarantine for 14 days before you can return to dance classes. You are only required to quarantine based on your own travel. You are not required to quarantine if someone from your household or someone you've been in contact with has traveled to one of these states:

Alabama, Mississippi, Arizona, Arkansas, Nevada, North Carolina, California, South Carolina, Florida, Tennessee, Georgia, Texas, Idaho, Utah, Louisiana

### Release Form

- All families will need to have a signed release form before participating in class. Please bring a paper copy to your first class.

## Class Routine

- Classes will be limited to **10 dancers in studio A, and B** to allow them plenty of room to spread out in class.
- Classes must be preregistered, and prepaid on signup genius to limit the number of dancers to 10 in the Studio.
- Studio C will only be used for private lessons only.
- The dance floor will be marked to help dancers' distance from each other.
- If dancers have more than one consecutive class, they may bring their dance bag but are required to keep it in the designated area in the room. If just one class, we ask to keep bag in the car.
- We have updated the schedule to allow for staggered class start and end times. This will limit the number of students coming in and out of the studio at a given time.
- If a Student is in the waiting room waiting for the next class, they must wear a mask.
- Our teachers remain committed to creating a positive, constructive, healthy environment. Verbal instruction will be given throughout class, but they will **not be giving hands-on corrections.**

## Arrival and Dismissal

- We will check the temperature of anyone who enters the building with a **(no-touch) temporal scanner.** Anyone with a temperature higher than 99.9 will be asked to return home.
- Any dancer who is sick we ask that they remain at home.
- Hand sanitizers will be provided in all rooms for entering and exiting the studio.
  - Dancers may also use their own hand sanitizer if they desire.
  - Hand washing will remain available as well.
- To limit the number of people in the lobby, parents must **drop off their child outside** and remain in their cars or outside at pick up time.
  - One parent per dancer age 4 and under may remain in the lobby if a face mask is worn.
- Dancers will be required to bring their own, pre-filled, water bottles. Students may not bring food into the studio. Camps and Intensives will provide specific instructions.
- Students can wear a mask if they so choose.
- Teachers will wear a mask when in close contact of students.

## Cleaning

- Dance floors and high touch areas will be cleaned between classes. They will also be cleaned at the end of each day with an atomized disinfectant.
- Bathroom will be disinfected frequently throughout the day.
- Air Purifiers with HEPA filtration and UV light has been installed in both studios to provide one complete air change every ½ hour.
- Touchless faucets, touchless paper towel dispensers, and soap dispensers has been installed in the bathroom.

Additional information about best practices and guidelines for public health can be found at the PA. Department of Health Services. If you have any questions or concerns with the safety or cleanliness of our facility, please reach out directly to [donnajean.kline@comcast.net](mailto:donnajean.kline@comcast.net).

Please check back routinely as these policies and procedures may update from time to time.
